Subject Index

Abdominal wall

- re: closure of chronic abdominal wall defects: a long-term evaluation of the components selection method (Doğan et al) 2000;44:109 (Letter)
- role of tissue expansion in abdominal wall reconstruction (Carlson et al) 2000;44:147

Accidents, traffic

- glass in the nasoethmoidal, maxillary, and orbital area as a result of windshield trauma (Yilmaz et al) 2000;44:685 (Letter)
- influence of air bags and restraining devices on extremity injuries in motor vehicle collisions (McGovern et al) 2000;44:481

Acellular dermal graft

- reconstruction of aplasia cutis congenita of the trunk in a newborn infant using acellular allogenic dermal graft and cultured epithelial autografts (Simman et al) 2000;44:451 (Case report)
- skin flap prefabrication using acellular dermal matrix and cultured keratinocytes in a porcine model (Tark et al) 2000;44:392

Acquired immunodeficiency syndrome

- surgical treatment of *Molluscum contagiosum* in a pediatric AIDS patient (Wheaton et al) 2000;44:651 (Case report)

Adenoviruses

- expression of adenovirally delivered gene products in healing osseous tissues (Spector et al) 2000;44:522
- use of newborn rats and an adenoviral gene delivery vector as a model system for wound-healing research (Liu et al) 2000;44:543

Adhesions

- new model for experimental tendon adhesions in the chicken (Jaibaji et al) 2000;44:205

Aesthetics

- aesthetic correction of a contour deformity of the neck with buried expanded flaps (Hudson and Skoll) 2000;44:664 (Case report)
- aesthetic surgery and Hodgkin's disease (Kaycıoğlu and Aksoy) 2000;44:686 (Letter)
- exploiting the septum for maximal tip control (Hubbard) 2000;44:173
- outcome-based study of aesthetic surgery in a clinic setting (Zweifler and Glasberg) 2000;44:355
- psychiatric patients who desire aesthetic surgery: identifying the problem patient (Mowlavi et al) 2000;44:97 (Review article)
- psychological issues in cosmetic surgery: a functional overview (Hasan) 2000;44:89 (Review article)
- replantation of avulsed scalps and secondary aesthetic correction (Cho et al) 2000;44:361

Air bags

- influence of air bags and restraining devices on extremity injuries in motor vehicle collisions (McGovern et al) 2000;44:481

Airway obstruction

- simplified pneumotachometer for the quantitative assessment of velopharyngeal incompetence (Realica et al) 2000;44:163

Alkalies

- alkali burns to the hand (Wolfort et al) 2000;44:346 (Letter)

Alternative medicine

- what's the alternative? (Morain) 2000;44:230 (Editorial)

Amnesia

- oral sedation allows for comfort and amnesia during office surgery (Gatti) 2000;44:502

Amnion

- increased axonal regeneration through a biodegradable amnionic tube nerve conduit: effect of local delivery and incorporation of nerve growth factor/hyaluronic acid media (Mohammad et al) 2000;44:59

Amputation

- classification of the pattern of intrauterine amputations of the upper limb in constriction ring syndrome (Al-Qattan) 2000;44:626
- treatment of painful neuromas: a case report (Chiu and Wu) 2000;44:340 (Case report)

Amputation, traumatic

- effects of the number and ratio of repaired arteries and veins on the survival rate in digital replantation (Lee et al) 2000;44:288
- penile lengthening for traumatic penile amputation due to ritual circumcision: a case report (Silfen et al) 2000;44:311 (Case report)
- replantation of the penis: a patient report (Zenn et al) 2000;44:214 (Case report)
- salvage of ear replantation using the temporoparietal fascia flap (Chun et al) 2000;44:435 (Case report)

Anagrams

- pure grisly acts (Morain) 2000;44:573 (Editorial)

Anastomosis, surgical

- microvascular anastomosis using 2-octyl cyanoacrylate in the rat femoral artery (Hall et al) 2000;44:508

Anatomy

- neural anatomy of the radial forearm flap (Boutros et al) 2000;44:375
- prospective study of the anatomic variation of the median nerve in the carpal tunnel in Asians (Ahn et al) 2000;44:282
- re: closure of chronic abdominal wall defects: a long-term evaluation of the components selection method (Doğan et al) 2000;44:109 (Letter)

Anesthesia, local

- oral sedation allows for comfort and amnesia during office surgery (Gatti) 2000;44:502

Aneurysm

- endovascular treatment of a pseudoaneurysm of a recipient external carotid artery following radiation and free tissue transfer (Yuen and Gray) 2000;44:656 (Case report)

Animal studies

- comparison of autologous fat transfer in fresh, refrigerated, and frozen specimens: an animal model (Lidagoster et al) 2000;44:512
- comparison of immune response to nerve allograft segments in fetal and adult rabbits: a histological study (Ağaoğlu et al) 2000;44:398
- delayed prefabricated arterial composite venous flaps: an experimental study in rabbits (Karataş et al) 2000;44:44
- effects of hyperbaric oxygen treatment and heparin on the survival of unipedicled venous flaps: an experimental study in rats (Yücel and Bayramiçli) 2000;44:295
- effects of the Er:YAG laser on cartilaginous tissue (Görgü et al) 2000;44:111 (Letter)
- expression of adenovirally delivered gene products in healing osseous tissues (Spector et al) 2000; 44:522
- flap model with a scar-induced invariable necrotic pattern (Macionis) 2000;44:463 (Letter)
- hsp72 induction: a potential molecular mediator of the delay phenomenon (Fan et al) 2000;44:65
- hypoxia increases insulinlike growth factor gene expression in rat osteoblasts (Steinbrech et al) 2000;44:529
- increase in TRAM flap survival after delay does not diminish long term (Morrissey and Hallock) 2000;44:486
- increased axonal regeneration through a biodegradable amnionic tube nerve conduit: effect of local delivery and incorporation of nerve growth factor/hyaluronic acid media (Mohammad et al) 2000;44:59
- microcirculatory window for early detection of allograft rejection (Siemionow et al) 2000;44:637
- microvascular anastomosis using 2-octyl cyanoacrylate in the rat femoral artery (Hall et al) 2000;44:508
- neo-osseous flaps using demineralized allogeneic bone in a rat model (Lee et al) 2000;44:195
- neurocutaneous island flap model: an experimental study in rats (Gürünlüoğlu et al) 2000;44:53
- new model for experimental tendon adhesions in the chicken (Jaibaji et al) 2000;44:205
- nonsurgical delay of cutaneous flaps using the flashlamp pumped pulsed dye laser (Aslan et al) 2000;44:277
- pilot study of short- and long-term sequelae to rigid fixation across metacarpal physes in a baboon model (Opperman et al) 2000;44:36
- "pumping the regenerate": an evaluation of

- oscillating distraction osteogenesis in the rodent mandible (Greenwald et al) 2000;44:516
- re: a new epineural nerve repair technique: oblique nerve coaptation (Meek and Robinson) (Letter); (Koykçioğlu and Karamürsel) (Reply) 2000;44:677
- skin flap prefabrication using acellular dermal matrix and cultured keratinocytes in a porcine model (Tark et al) 2000;44:392
- use of newborn rats and an adenoviral gene delivery vector as a model system for wound-healing research (Liu et al) 2000;44:543

Anoxia

- hypoxia increases insulinlike growth factor gene expression in rat osteoblasts (Steinbrech et al) 2000;44:529

Anxiety

- patients' worries regarding laser resurfacing (Trelles et al) 2000;44:115 (Letter)

AO/ASIF plates; see Bone plates

Aplasia cutis congenita

- reconstruction of aplasia cutis congenita of the trunk in a newborn infant using acellular allogenic dermal graft and cultured epithelial autografts (Simman et al) 2000;44:451 (Case report)

Arm

- classification of the pattern of intrauterine amputations of the upper limb in constriction ring syndrome (Al-Qattan) 2000;44:626
- influence of air bags and restraining devices on extremity injuries in motor vehicle collisions (McGovern et al) 2000;44:481

Arterial flaps; see Flaps, vascularized

Arteries

- effects of the number and ratio of repaired arteries and veins on the survival rate in digital replantation (Lee et al) 2000;44:288

Arteriovenous malformations

- rare complication of massive hemorrhage in neurofibromatosis with arteriovenous malformation (Lin and Chen) 2000;44:221 (Case report)

Arthrodesis

- functional outcome with scaphotrapeziotrapezoid arthrodesis in the treatment of Kienböck's disease stage III (Sauerbier et al) 2000;44:618

Asia

- prospective study of the anatomic variation of the median nerve in the carpal tunnel in Asians (Ahn et al) 2000;44:282

Auricle; see Ear

Avulsion injuries

- replantation of avulsed scalps and secondary aesthetic correction (Cho et al) 2000;44:361
- successful replantation of a completely avulsed scalp (Chung) 2000;44:233 (Letter)

Axilla

- correction of axillary burn scar contracture with the thoracodorsal perforator-based cutaneous island flap (Kim et al) 2000;44:181

Axons

increased axonal regeneration through a biodegradable amnionic tube nerve conduit: effect of local delivery and incorporation of nerve growth factor/hyaluronic acid media (Mohammad et al) 2000;44:59

Bandages

use of a small rubber bandage as a finger tourniquet (Gürnlüoğlu and Doğan) 2000;44:681 (Letter)

Basal cell carcinoma; see Carcinoma, basal cell

Beta-galactosidase

expression of adenovirally delivered gene products in healing osseous tissues (Spector et al) 2000;44:522
use of newborn rats and an adenoviral gene delivery vector as a model system for wound-healing research (Liu et al) 2000;44:543

Blood platelets

platelet supernatant promotes proliferation of auricular chondrocytes and formation of chondrocyte mass (Yang et al) 2000;44:405

Blood vessels

making of a facial perforator map by thermography (Chijiwa et al) 2000;44:596

Bone, transplantation

neo-osseous flaps using demineralized allogeneic bone in a rat model (Lee et al) 2000;44:195
oromandibular reconstruction for oncological purposes (Rivas et al) 2000;44:29

Bone and bones

bullet-type fracture: a peculiar type of orbital wall fracture (Colonna and Quatra) 2000;44:232 (Letter)
skeletal deformities due to tissue expanders: report of two patients (Still et al) 2000;44:211 (Case report)

Bone distraction

correction of scar contracture deformities of the big toe with a multiplanar distraction device (Lin et al) 2000;44:320 (Case report)
"pumping the regenerate": an evaluation of oscillating distraction osteogenesis in the rodent mandible (Greenwald et al) 2000;44:516

Bone plates

extensor tendon rupture after internal fixation of a distal radius fracture using a dorsally placed AO/ASIF titanium pi plate (Schnur and Chang) 2000;44:564 (Case report)

Bone screws

use of specialized bone screws for intermaxillary fixation (Schneider et al) 2000;44:154

Book reviews
